**71-1-4. Requirements for re-examination.** (a) Each applicant who, upon taking any examination or any section thereof a second time, fails to obtain a passing grade on that examination or section of an examination shall obtain additional or remedial instruction. The dental board shall determine the amount and type of such required instruction based upon the performance of the applicant on the prior examinations. The required instruction shall be completed in a course and at a school of dentistry or dental hygiene approved by the board. The applicant shall submit a written statement, signed by an authorized member of the faculty of that school of dentistry or dental hygiene, advising the board or its designee that the applicant is qualified for re-examination.

(b) If any applicant fails to pass the examination or any section thereof on re-examination, following compliance with subsection (a) above, the board may, for good cause shown by the applicant, authorize further re-examination. In such case, the board may accept the results of any re-examination of that applicant conducted thereafter by the national board of dental examiners or by any other testing agency, the results of which are otherwise accepted by the board. (Autho-

(1) Is intended or is likely to create false, unjustified expectations of favorable results;

(2) Relates to the quality of dental services provided;

(3) Is intended or is likely to appeal primarily to a layperson's fears; or

(4) Contains other representations or statements that, in reasonable probability, will cause an ordinary, prudent person to misunderstand or be deceived. Such representations or statements include statements regarding honorary degrees, or admission to or membership in specialty societies or other groups where an impression of special qualification or specialization in practice is conveyed to the general public not warranted or substantiated by the nature of the degree held or the qualifications or requirements of the organization in which membership is asserted.

(b) Any licensee may publish or broadcast information in regularly published and distributed print media or in radio or television broadcasts in the geographic area or areas in which the licensee resides or maintains offices, or in which a significant part of the licensee's patients reside. Any licensee may publish advertisements in telephone directories and reputable dental directories. The information disclosed in such publication or broadcast shall be presented in a dignified manner without the use of dramatizations, testimonials or the use of pictures other than a portrait of the individual licensee. The following information may be published or broadcast:

(1) The licensee's name, names of professional associates, and addresses and telephone numbers;

(2) One or more fields of dental care in which the licensee practices, and, if desired, a description of specific, verifiable services offered by the licensee, or group of licensees;

(16) A statement regarding the availability, upon request, of a written schedule of fees and an estimate of the fee to be charged for specific services; and

(17) A statement of fees for specific dental services, the description of which is not likely to be misunderstood or to be deceptive. Such statement shall disclose that the quoted fee will be available only to patients whose dental needs fall into the services described and that the patient is entitled, without obligation, to a specific estimate of the fee likely to be charged. This statement shall be printed in a type size at least equivalent to the largest print used in setting forth the fee information.

(c) (1) If a licensee advertises a fee for a service, the service shall be rendered for no more than the fee advertised. If a licensee publishes any fee information, the licensee shall be bound by any representation made in the advertisement for a reasonable period of time, considering the nature of the publication. When specific information concerning dental fees for dental services, as authorized by paragraph (17) above, is provided, the fees may be generally characterized as "reasonable," "very reasonable" and "moderate," if those statements comply with all of the requirements of the statutes of the state of Kansas and the other provisions of this policy.

(2) The licensee may describe dental fees as discount or the licensee may advertise the offering of discount services only if:

(A) Such discounts relate to specific and identifiable services;

(B) Such discounts continue for a limited period stated within the advertisement;

The licensee shall not be permitted to use unprofessional and hucksterish adjectives in any form of advertising. Such terms shall include, but shall not be limited to: "cut rate," "lowest," "give away," "below cost," "special," "bargain," and "special value."

(d) If the advertisement is communicated to the public over radio or television, it shall be prerecorded, approved for broadcast by the licensee or group of licensees, and a recording of the actual transmission shall be retained by the licensee.

### BOARD OF REGENTS ADMINISTRATIVE REGULATIONS

#### Article 13.—STUDENT ASSISTANCE PROGRAMS

**88-13-1. Definitions.** Terms used herein are defined as follows: (a) "Parent" means a guardian or any person who is legally responsible for the maintenance, care, or support of a dependent who is an applicant under this program.

(b) "Parent's contribution" means the amount parents can reasonably be expected to contribute from their income and assets toward a year's college education costs for a dependent. This amount shall be determined based upon criteria approved by the board and established by the financial needs analysis agency selected by the board.

(c) "Independent student" means a student who demonstrates independence from a parent's support to the satisfaction of the board. Documentation that will meet U.S. education department guidelines for an independent student may be required from the applicant, applicant's parent or parents, or guardian to verify emancipation from the parent or parents.

(d) "Student contribution" means the amount a student can contribute from the student's own work and resources toward a year's college education costs. This amount shall be determined based upon criteria approved by the board and established by the financial needs analysis agency selected by the board. The student contribution shall not be less than \$450.

(e) "Student resources" shall include assets, earnings, income or benefits from other sources, work study income, and any grant coming directly to the student from non-college sources. Any fully repayable student loan shall not be considered as a "student resource" except in an amount necessary to raise the "student contribution" to the required \$450.

(f) "Family contribution" means the sum of parents' contribution and student contribution. The family contribution shall be determined annually.

(g) "Tuition" means the amount of money charged a full-time student for the cost of educational services for the academic year not including any summer session. The amount of the tuition shall be set by the eligible postsecondary institution and shall be the

(continued)

same for grantee and non-grantee students who are in identical circumstances at the institution.

(h) "Required fees" means fees which are not optional for the full-time student and which are considered by the board to be for educational purposes.

(i) "College budget" means the total amount required for a student to attend the postsecondary institution of the student's choice. The costs of tuition and required fees, room and board, supplies, and incidentals shall be included in the college budget. For married students, a family maintenance budget shall be substituted for room and board. All amounts to be used for maintenance, supplies and incidentals shall be comparable for all eligible institutions.

(j) "Tuition grant offer" means the annual amount offered to a student under this program, rounded to the nearest \$10. Each tuition grant offer shall be the lesser of the following amounts: (1) \$1,200;

(2) the annual tuition and required fees at the college of the student's choice;

(3) the financial need of the student; or

(4) the pro-rata amount determined by the board.

(k) "State scholarship offer" means the annual amount offered to a state scholar under this program, rounded to the nearest \$10. Each state scholarship offer shall be the lesser of the following amounts:

(1) \$500;

(2) the financial need of the state scholar; or

(l) "Grantee" means a person possessing a valid tuition grant offer, or state scholarship offer, or both.

(m) "Tuition grant payment or state scholarship payment" means the amount awarded to a student to attend a portion of the academic year. This amount shall be determined by pro-rating the amount of the tuition grant offer, or state scholarship offer, or both.

(n) "Unmet need" means the financial need of a grantee less the amount of the student's tuition grant offer or state scholarship offer, or both. (Authorized by K.S.A. 72-6111, 72-6814; implementing K.S.A. 72-6107, 72-6109, 72-6110, 72-6111, 72-6810, 72-6812, 72-6814, 72-6815; effective, E-76-57, Dec. 12, 1975; effective, E-77-5, March 19, 1976; effective Feb. 15, 1977; amended May 1, 1984.)

**88-13-4. Applicant eligibility.** To be eligible for a tuition grant offer, or state scholarship offer, or both, a person shall demonstrate to the executive director of the board that the applicant: (a) is a resident of the state of Kansas according to the residency statutes and administrative regulations applicable to the institutions under the control of the board;

(b) is initially accepted or enrolled at an eligible Kansas postsecondary institution;

(c) is an undergraduate who has never received a baccalaureate degree; and

**88-13-6. Hearing procedure.** If the executive director determines that an applicant is not eligible for a tuition grant offer or state scholarship offer, the applicant may submit written material concerning the de-

termination of the executive director to the board. The board shall review the material and make a determination of the applicant's eligibility. (Authorized by K.S.A. 72-6111, 72-6814; implementing K.S.A. 72-6111, 72-6814; effective, E-76-57, Dec. 12, 1975; effective, E-77-5, March 19, 1976; effective Feb. 15, 1977; amended May 1, 1984.)

**88-13-9. Rosters.** If the amount that would be required to fully fund all eligible tuition grants offers, or state scholarships offers, or both exceeds state and federal appropriations, the board shall establish eligibility rosters of applicants so that the board may offer tuition grants offers, or state scholarships offers, or both until all available funds are exhausted. The rosters to be used shall be determined by the board annually and shall not discriminate on the basis of race, sex, religion, creed, national origin, age, or the eligible postsecondary institution of the student's choice. Rosters for apportionment of funds may be established that will rank applicants by earliest date of application, highest grade point average, lowest expected family contribution, student classification or a combination of these criteria.

If available funds are insufficient to fully fund all eligible applicants, the board may pro-rate awards on a percentage basis to all eligible applicants in addition, or as an alternative, to the rosters. (Authorized by K.S.A. 72-6111, 72-6814; implementing K.S.A. 72-6111, 72-6814; effective, E-76-57, Dec. 12, 1975; effective, E-77-5, March 19, 1976; effective Feb. 15, 1977; amended May 1, 1984.)

**88-13-10. Grant offer.** Each grantee shall notify the board before the deadline listed on the grant offer letter as to whether the grantee will accept the grant for the full academic year or a portion thereof. If this information is not received from the applicant by the deadline, the board may withdraw the original grant offer. (Authorized by K.S.A. 72-6111, 72-6814; implementing K.S.A. 72-6111, 72-6814; effective, E-76-57, Dec. 12, 1975; effective, E-77-5, March 19, 1976; effective Feb. 15, 1977; amended May 1, 1984.)

**88-13-11. College certification.** Upon the enrollment of grantees, each eligible postsecondary institution shall certify to the board that each grantee attending its institution: (a) is providing a minimum of \$450 from the grantee's own work and resources;

(b) is not receiving more financial aid than the grantee's unmet need;

(c) is a full-time undergraduate student in good standing who is responsible for paying full tuition and required fees; and

(d) meets all academic standards and other qualifications that are established by the Board. (Authorized by K.S.A. 72-6111, 72-6814; implementing K.S.A. 72-6107, 72-6111, 72-6810, 72-6814; effective, E-76-57, Dec. 12, 1975; effective, E-77-5, March 19, 1976; effective Feb. 15, 1977; amended May 1, 1984.)
